

AISLE OPTICS NEWEST ADDITION TO ATLAS' INDEPENDENCE HIGH BAY SERIES

BURLINGTON, NC, USA, November 13, 2020 /EINPresswire.com/ -- Atlas American Lighting, a US manufacturer of high-performing, quality lighting products has announced the optic expansion of its fast-selling, affordable, and high-performing Independence High Bay Series with a narrow optic for aisle lighting.

Atlas has added to its popular lineup of ultra-compact high bays with an optic that delivers light where it is needed in aisle applications. Atlas now offers three different lenses: clear, diffused, and narrow. All three are available on the entire line of Independence fixtures with lumen packages ranging from 12,000 to 60,000.

Producing up to a highly efficient 162 lumens per watt, they produce a smooth, even, and uniform light pattern. As Design Light Consortium Premium Qualified Products, they are eligible for rebates from DLC Member Utilities. All Atlas Independence fixture are manufactured in Burlington, NC.

A portion of the proceeds from every Independence Series product sold will be donated to the Independence Fund. The Independence Fund is the eighth largest military non-profit organization in the nation, serving veterans in all areas of the country. To date, The Independence Fund has built 2,400 all-terrain wheelchairs for veterans since 2007.
