EINPresswire.com/ -- Written to affirm faith, hope, and love in those who see, hear, and read it, a new Christian book for kids makes its way into little hands worldwide. An illustrated celebration in thirty-two pages, the book is all about God's constant presence in the simplest of details. Vibrant, reassuring, and uplifting for readers of any age, "[Beyond The Clouds](#)" was written by author, speaker, wellness advocate, and NoonieLand, LLC founder, [Dr. Tonya C. George](#). The storybook's central character is all too eager to welcome a mighty cast on his discovery journey. He includes birds, dogs, cats, a squirrel, a raccoon, duck, and dove into his narrative as well as other very busy children. Further extending himself to nature both far and wide, the colorful book is an invitation. It's a call to creativity and purpose in the arms of a loving God.

The author said of the children's picture book, "I wrote Beyond the Clouds to reveal the abundant provision, love, and wisdom the Lord has for our lives. It specifically explores the goodness of Jesus Christ. He isn't someone we hear too much about in mainstream culture. I hope this book fosters an understanding of just how present Jesus is in our daily lives and pray it will aid in the development of a strong spiritual foundation for young readers and their parents."

The Christian baby book author has a Ph.D. in Public Health Epidemiology and is an NCCPA certified Physician Assistant.
