

TBG Security Approved as a Vendor by Tennessee Sports Gaming

Sports Wagering Committee of the Board of Directors for the Tennessee Education Lottery gives TBG Security the green light to provide security testing services.

BOSTON, MA, USA, November 16, 2020

/EINPresswire.com/ -- Massachusetts based [TBG Security, Inc.](#) is excited to announce their addition to the List of Approved Vendors by the Sports Wagering Committee of the Board of Directors for the Tennessee Education

Lottery (TEL). TEL assures the integrity of those persons and enterprises that provide online-only sports wagering services. TBG Security is also an approved vendor for security testing of gaming systems/applications in Michigan, New Jersey, Pennsylvania, West Virginia, Iowa, Colorado and is in the process of becoming approved for the remaining states where gaming is legal.

The importance of cybersecurity in the gaming industry is not a new revelation. The gaming industry has grown at an ever accelerating rate over the past decade. As more people around the world are more and more connected, their adoption of online games has also expanded. Security will be of the utmost importance to state gaming commissions and/or sports wagering committees. States have a golden opportunity to get it right the first time and leverage the latest technologies and services.

"We have continued our growth in 2020 by focusing on being the trusted advisor to our current customers and expanding our risk management offerings to meet the ever-changing threat landscape for cybersecurity," says CEO, Frank Murphy at TBG Security. "Trusted online gaming platforms build their reputation and rely on the user's trust. If the available games are prone to hacker attacks that can alter them, the players will lose their trust and abandon the platform and your business. As a trusted advisor to gaming companies and a member of the American gaming association we take our role as trusted advisor seriously. Our continued growth in the competitive cybersecurity space shows the trust our customers have in our abilities to guide them through the threats posed to today's businesses. "

TBG Security is a leading provider of information security and risk management solutions for Fortune 1000 and Fortune 500 companies and a member of the American Gaming Association. TBG designs and delivers cybersecurity solutions to work in harmony with existing operations. Companies depend on TBG services in areas including [risk management](#), [penetration testing for gaming and sportsbook](#), security strategies for compliance, vendor risk management, physical, network and application security thru penetration testing, managed services, security policy, and incident response.
