

Digital Marketing and SEO Services for Financial Advisors in Auckland Launched

SEO Marketing is celebrating the launch of their new digital marketing for financial services in the Auckland area by offering 5 free strategy sessions.

MOUNT EDEN, AUCKLAND, NEW ZEALAND, November 17, 2020 /EINPresswire.com/ -- In a slightly

“

We wanted to reach financial advisors with the launch of our new digital marketing solution because we believe there is a need in the market for an effective online marketing solution in New Zealand.”

Marcos Azaro

different approach to launching its new digital marketing service for financial advisors, SEO Marketing, an SEO agency in Auckland has decided it will offering 5 free strategy sessions with professionals in the financial advisory market, and this is expected to take place during December.

Where most businesses tend to just publish new services on their website, SEO Marketing has decided to be a little more proactive with the launch of its new digital marketing for financial services.

Further information about SEO Marketing and the new digital marketing for financial services can be discovered at <https://www.seomarketing.co.nz>.

Marcos Azaro, Owner at SEO Marketing, says: "We wanted to reach financial advisors with the launch of our new digital marketing solution for financial professionals because we believe there is a strong need in the market for an effective online marketing solution in New Zealand.

We're hoping it raises awareness that digital marketing when done properly is not a cost but an investment that ultimately generates online visibility, branding recognition, and business growth.."

SEO Marketing has always made a point of standing out when compared to other SEOs in the Auckland area and in New Zealand. This launch celebration is just one of the many ways it does so.

The strategy sessions will take place remotely using Zoom, and will provide insights into how effective a digital strategy can be to get financial advisors more clients. Business owners usually

see tactics such as SEO, Google Ads and Facebook Ads as a solution to their requirements. But in reality these are isolated tactics that when looked at individually are not effective.

The strategy sessions are aimed at informing professionals how all the moving parts of the digital marketing toolbox can fit together for their specific needs with the main goal of reaching more customers and getting more sales.

This is a great chance for Kiwi mortgage brokers and financial advisors to get tangible insights that can get them more customers in the short term.

Marcos Azaro

SEO Marketing has been serving the Auckland area since 2009. To date it has served over dozens of customers and has become recognised as an expert digital marketing and SEO agency in Auckland, New Zealand.

Marcos Azaro also said: "While SEO Marketing may not be the only business with this kind of offering, Kiwi business owners are choosing SEO Marketing because we really listen to our customers and we stay away from the hype in the industry.."

When asked about the new Digital Marketing For Financial Services, Marcos Azaro said: "We think it's going to be a hit because until now financial advisors in New Zealand didn't have a digital marketing solution tailored for them..".
