Geographic segmentation of global online tutoring market covers: North America, South America, Europe, Asia Pacific (APAC), and Middle East and Africa (MEA)

This study identifies growing emphasis on analytics as one of the prime reasons driving the online tutoring market growth during the next few years.

Increasing emphasis on mobile-based tutoring, and high adoption of AI, will lead to sizable

demand in the market.

Increasing investments in online tutoring , growing affordability of online tutoring courses, and technology advances will impact growth of the market over the forecast period.

There will be negative impact on the growth of the market due to high demand-supply gap, rising number of substitution, and poor credibility of tutors.
