SEATTLE, WASHINGTON, UNITED STATES, November 24, 2020 /EINPresswire.com/ -- While most teenagers were struggling to find things to keep them busy this year, since the announcement of the COVID-19 global pandemic, sixteen year old rising star Dorian Duta was hard at work in the studio working on his second album. Succeeding his first album Late Nights, Vol. 1 released in June 2020, Dorian Duta is proud to announce his forthcoming album Late Nights, Vol 2 on December 18th 2020. Dorian Duta - Late Nights Vol 2

"Fall out of Love" was released to the public on November 20th, with two additional tracks to follow on November 27th and December 4th. The song is about wanting to let someone go, but at the same time, wanting them to stay. Exploring the complexity of mixed emotions created by wanting the person who hurt you, but becoming too blinded by love to acknowledge it.

Each song on the album was written, produced and performed by Dorian and inspired by his personal experiences and late night thoughts. The dynamic and awe-inspiring lyrics paint a vivid picture of young love and all of the complexities that come along with it. While Dorian may be

young in age, he is an old soul with a romantic mind that will make audiences of all ages swoon.

Quarantine turned out to be the perfect landscape to inspire the songs behind this feature album, providing an environment that coincides with the overall mood of Late Nights, Vol 2.

"In my new songs I'm trying to be more direct. I look at my old music as learning process and stepping stone to eventually create something I'm really happy with. This new album is definitely a big step forward for me. My fans are going to see the improvement and maturity of these newer songs and I honestly can't wait for everyone to hear them." - Dorian Duta

Through proof of concept, dedication to the craft, and unwavering commitment to inspire others, Dorian Duta's purpose-driven vision is coming to fruition with the release of Late Nights, Vol 2.
