As Kristof states at the beginning of his column, published on Sunday, November 22nd, “This will be a painful holiday season in many households, with fewer people hugging and handing out gifts. But if you’re feeling that the holidays have been “canceled” and you’re struggling to find hope and meaning this season, have I got some uplifting ideas for you!”

“

We are so proud of the innovative work Drs. Ruit and Tabin continue to develop, and the life-changing impact they've had on thousands of people - and thrilled at their well-deserved recognition”
