ABOUT FAITH FILMS INC.: Faith Films, Inc. was formed in 2016 with the goal of creating films that are first and foremost, exciting, and entertaining. Ken Sirls, president of the production company wanted to fill in what he saw as a void in entertainment that is trying to express messages or certain values. That void was that only too often, they simply were not enjoyable or entertaining. Faith Films will focus on stories that draw the audience in and viewing the events through the eyes of a variety of characters that we hope all viewers can find one or more that they relate to. From there, we try to throw in some action, laughs, and themes with unexpected twists to hopefully have the audience talking about their experience long after the show is over.
