MISSISSAUGA, ON, CANADA, November 26, 2020 /EINPresswire.com/ -- Search Corp., a Canadian real estate holdings company headquartered in Mississauga, announces the launch of its highly sought-after [Leads On Demand™](#) platform to real estate agents across Ontario.

Leads on Demand™ has been supplying innovative lead gen and marketing tools exclusively to [Search Realty](#) agents since 2012. Today marks the official release of Leads On Demand™ to agents outside of its sister company, Search Realty.

“

We want to make the process of obtaining leads as simple as possible so that agents can have a consistent and predictable income that's measurable. It's giving them peace of mind.”

*Sterling Wong*

Agents with a positive online reputation and 3 years of experience or 10+ closed deals in the past 12 months, can now pre-register to buy as many quality [real estate leads](#) as they need.

Leads on Demand™ is unlike anything else in the industry today. This turnkey, Google-backed platform generates exclusive leads deep in the sales cycle to connect agents with high-quality leads in real-time. Ontario agents can now order as many leads as they need, in any city, on-

demand, to obtain a more predictable and scalable income.

Leads on Demand™ has partnered with the #1 CRM on the market, CINC Pro, to deliver the highest level of lead conversion possible. Together, they create the most intuitive lead management and tracking tool for agents today.

"This is an important step to broaden our service offerings to brokerages across Ontario," said Sterling Wong, CEO and Founder. "And soon we'll be expanding our lead generation software

into other Canadian and US markets to help agents seamlessly achieve their financial goals, better serve the needs of their clients and create new opportunities that were not possible before."

"We want to make the process of obtaining leads as simple as possible so that agents can have a consistent and predictable income that's measurable. It's giving them the peace of mind knowing their pipeline will be full one month to the next," added Sterling.
