SAN DIEGO, CALIFORNIA , USA, January 19, 2021 /EINPresswire.com/ -- The California US Navy Veterans Mesothelioma Advocate is urging the wife or adult son-daughter of a Navy Veteran with recently diagnosed mesothelioma in California to not play the lawyer roulette with 'free' generic booklets, kits, guides, or nonsense such as mesothelioma calculators or three minute compensation tests. These are just few law firm tricks they use to identify people with mesothelioma. If a Navy Veteran with mesothelioma in California or their family would call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 he will be able to answer your questions about mesothelioma compensation-and he should be able to give an idea of what the person's compensation claim might be worth. Erik Karst is one of the nation's leading mesothelioma attorneys.

The Advocate says, "Because of the Coronavirus, the lock downs and upheaval in California in the last twelve months we know for a fact that some Navy Veterans and or people with mesothelioma in California have avoided the compensation process. 2020 will probably go down as the worst year for mesothelioma compensation in two decades because we think frequently people who had mesothelioma were misdiagnosed with the Coronavirus. If you are a Navy Veteran with recently diagnosed mesothelioma or their family and you have questions about mesothelioma compensation- please call attorney Erik Karst of Karst von Oiste at 800-714-0303. We think you will be glad you did. Mesothelioma compensation for a Navy Veteran can frequently exceed a million dollars."
