

R3 Stem Cell International Now Offering Stem Cell and Exosome Therapy Promotion for Canada

The US and International leader in regenerative therapies, R3 Stem Cell, is now offering Canada a promotional special for stem cell and exosome therapies.

SCOTTSDALE, ARIZONA, USA,
November 30, 2020 /

EINPresswire.com/ -- The US and International leader in regenerative therapies, R3 Stem Cell, is now offering Canada a promotional special for stem cell and [exosome therapies](#). This includes a free 50 billion exosome therapy for each procedure over 50 million stem cells.

The procedures have shown to be extremely helpful for many medical conditions, including orthopedic, autoimmune, neurologic, autism, organ failure and for anti aging as well. R3 International has special stem cell programs for those with autism, kidney failure, COPD, post-stroke, diabetes and more.

R3 Stem Cell's Centers have performed over 15,000 procedures in the past eight years. In that time, no patients have experienced a significant adverse event, with patient satisfaction exceeding 85%.

Patients have been treated from all Canadian cities, big and small. This includes Montreal, Toronto, Vancouver, Ottawa, Quebec, Hamilton, and surrounding areas. The [stem cell therapy for](#)

Canada includes anywhere between 30 million and 200 million stem cells, with the treatments being administered by highly skilled doctors either by injection, intravenous, intrathecal, intramuscular or lymphatic.

The cost of stem cell therapy in Canada starts at only \$2950 for 30 million cells, with an extra \$1000 for 50 million cells. Exosomes are stem cell byproducts that have shown to be exceptionally beneficial when used in conjunction with stem cell therapies. The stem cell treatments and exosome therapies are performed at multiple Centers in Mexico, including Cancun, Tijuana and Mexicali.

All ground transportation is included, with VIP escorts from the airport and hotel to the clinic for the procedures. Each patients has a Personal Concierge Representative to assist with travel logistics and any questions during the process. Each patient undergoes a free virtual consultation with one of R3's expert stem cell doctors.

“

Patients from Canada receive quality stem cell biologics with high cell counts for extremely affordable pricing at R3 International, and now 50 billion exosomes for free!”

David Greene, MD, MBA

According to R3 CEO David Greene, MD, MBA, “We worked very hard to ensure patients receive quality stem cell biologics with high cell counts for extremely affordable pricing. Our Centers are part of hospitals, surgery centers or medical complexes in order to make sure the most

contemporary resources are available.”

Currently, almost half of R3's patient base internationally comes from referrals and repeat patients. "That really says a lot about how successful the stem cell procedures are for patients. The kids with autism, the patients with kidney or lung issues and those with diabetes are often so happy they send in their friends!" added Dr. Greene.

For those in Canada interested in stem cell therapy, call R3 today to set up a free phone consultation at +1 (888) 988-0515 or visit the website at <https://r3stemcell.com/canada> for more information.
