

Chenrol Wires And Cables Inject New Sound Into The Audio Electronic Industry

TAOYUAN, TAIWAN, November 28, 2020 /EINPresswire.com/ -- Chenrol Electric [Wire](#) & [Cable](#) Co. Ltd., a professional wire and cable manufacturer that has supplied big tech companies such as Shure, Sony, Roland, Mitsumi, and Astec with custom built wires will be showcasing their new [microphone](#), earphone, PU, and UL cables at various wire and cable related maker events in 2021.

As a trustworthy partner of Shure, Chenrol is a sustainable source of microphone cables, earphone cables, PU cables, UL cables, and other custom built cables. With more than thirty years of experience, Chenrol's cables are not only certified with UL, RoHS, REACH, and ISO 9001:2000, but also possess great

tension resistance, weather resistance, and anti-bending features that lead to final products such as microphones with professional tone qualities. Chenrol is committed to wire and cable design and manufacturing and sees a tremendous opportunity in the audio electronic industry due to the rising number of YouTube creators.

“

We are dedicated to providing consistent quality when it comes to cable manufacturing.”

Michael Liu, chairman

Top Competitive Advantages:

- Low noise and propagation delays
- High density copper braided or spiral shielding for protection
- Outstanding wear resistance and sustainability

"We are dedicated to providing consistent quality when it comes to cable manufacturing," said Michael Liu, the Chairman.
