

South Carolina US Navy Veterans Lung Cancer Advocate Urges a Navy Veteran with Lung Cancer in South Carolina to Call the Lawyers at Karst von Oiste if He Had Navy Asbestos Exposure-Compensation May Exceed \$100,000

HILTON HEAD, SOUTH CAROLINA, USA, January 22, 2021 /EINPresswire.com/ -- The South Carolina US Navy Veterans Lung Cancer Advocate says, "We are urging a Navy Veteran with lung cancer in South Carolina to call the lawyers at the law firm of Karst von Oiste at 800-714-0303 if he had significant exposure to asbestos on a navy ship, submarine or at a shipyard prior to 1982. Financial compensation for a person like this might exceed \$100,000 and the claim does not involve suing the navy. The typical person we are trying to identify is over 60 years old-and it does not matter if they smoked cigarettes.

"Most Navy Veterans may have heard about financial compensation for mesothelioma-but most are not aware that the \$30 billion dollar-asbestos trust funds were set up for them too. If your husband or dad is a Navy Veteran with recently diagnosed lung cancer and he had heavy exposure to asbestos decades ago-please call the lawyers at the law firm of Karst von Oiste at 800-714-0303. Compensation for a person like this may exceed one hundred thousand dollars."

High risk work groups for exposure to asbestos in South Carolina include US Navy Veterans, civilian employees Charleston Navy Base, a worker at one of South Carolina's dozen+ power plants, at a industrial facility, a worker at one of South Carolina's half dozen pulp and paper mills, a public utility worker, or as a plumber, a boiler technician, welder, as a auto repairman, as a electrician, or in the construction industry. Typically, the exposure took place in the 1950's, 1960's, 1970's, or 1980's. www.karstvonoste.com/

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers.

“

If your husband or dad is a Navy Veteran with recently diagnosed lung cancer and he had heavy exposure to asbestos decades ago- please call the lawyers at the law firm of Karst von Oiste”

*South Carolina US Navy
Veterans Lung Cancer
Advocate*

The US Navy Veterans Lung Cancer Advocate says, “If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303.

“Most people with lung cancer and who had heavy exposure to asbestos in the navy or at work never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact.”

<https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvonoste.com/
