"My mentors always taught me that my successes would be delighted by helping others achieve their dream careers. I created this smart Career Planner in 2016. It started as a personal planner to self-organize, set career goals, and create a plan to achieve them. Once I realized the results from my planner, I wanted to help others to get benefit from it as well. I wanted to motivate them and tell them loud & clear, "You're only a good plan away from your goal, your dream career." -Ragid Kader, Founder & Creator of Smart Career Planner

Through proof of concept, dedication to the craft, and unwavering commitment to helping others succeed; Ragid's purpose-driven vision has come to fruition with the Smart Career Planner.
