“The intricate plot and gripping craftsmanship hooked me in immediately,” says Tangled Tree’s acquisitions editor, Kristin Searce. “'Dead Sound' is an explosive thriller that will take readers on a journey to unravel the threads of a sinister conspiracy, all while the clock is ticking.”

“Half of my brain felt like it was swimming in molasses, too slow-motion to process the scene. The other half was speared by white-hot terror. I was alone and surrounded. Anything could happen, as I knew all too well.

The knife scars on my abdomen began to tingle and burn. My hands slid down to cover them, even though I knew I wouldn't have a hope of protecting myself if the crowd decided to attack. I tried to call out for help, but my mouth had gone dry."
