Khurram Shroff played a crucial role in influencing and mobilizing the Ethereum community and enabling the Ethereum beacon chain to go live on schedule. Entering the Staking process when total Stakes stood at only 80,000 Ether, his backing of the Ethereum 2.0 Genesis launch resulted in a ten-fold increase in Stakes, to 800,000 Ether. From a position of real concern that the threshold deposit might not be reached, Khurram Shroff’s leadership was instrumental in the beacon chain exceeding targeted Stakes, ushering in a new era for the blockchain community.
