PUNE, MAHARASTRA, INDIA, December 1, 2020 /EINPresswire.com/ -- Automotive Piston Pin Market:

Executive Summary

Global Automotive Piston Pin Market is valued approximately at USD 249 million in 2019 and is anticipated to grow with a healthy growth rate of more than 4.0% over the forecast period 2020-2027. Piston pin or gudgeon pin, is used to connect the piston with the connecting rod in the internal combustion engine. It presents a pivotal ancillary unit to aid the desired process and can be used in high performance supercharged or turbocharged automobile, tractor and locomotive engines. The rising demand for lightweight pistons, increased demand for passenger car gasoline engines along with rising automotive industry are the few factors responsible for growth of the market over the forecast period. Also, the rising automobile industry in terms of vehicle production will accelerate the demand for the Automotive Piston Pin Market. For instance: According to Statista, around 8.76 million motor vehicles were produced in North America in 2009 and has risen to 16.8 million production of motor vehicle in 2019. Furthermore, the introduction of products and other strategic alliance by market key players will create a lucrative demand for this market. For instance: in May 2019, Federal-Mogul launched new piston ring technology for commercial vehicles which enhances gas sealing capability by stabilizing ring dynamic motion and homogenizing oil film. However, growing trend of engine downsizing and increasing demand for electric vehicles is the major factor restraining the growth of global Automotive Piston market during the forecast period.
