LOS ANGELES, CA, US, December 1, 2020

/EINPresswire.com/ -- [1 Habit](#) Press, Inc. is pleased to announce Alan Fleming, has joined as a contributor to its upcoming book, [1 Habit For a Thriving Home Office: Ultimate Edition](#). The book is a part of the Best Selling 1 Habit Book Series and the sequel to 1 Habit For a Thriving Home Office.

□About “1 Habit For a Thriving Home Office: Ultimate Edition”:

A recent study posted by Adam Ozimek, Upwork Chief Economist, shows the expected growth rate of full-time people Working From Home over the next five years will more than double from 30% to 65%.

The impact of COVID-19 on how we work arguably represents the most drastic and rapid shift to the global workforce that we have seen since World War II. In a matter of weeks, America’s social distancing practices and rapid economic shutdown have pushed large swaths of the workforce out of the office and into the home. A recent survey estimates that the share of remote workers in the U.S. has quadrupled to nearly 50% of the nation’s workforce.

“

Invest in your habits to achieve success.”

*Alan Fleming*

The study found the following key results:

1. Remote work has risen rapidly due to the pandemic, with more than half of the American workforce currently

working from home.

2. 56% of hiring managers feel that the shift to remote work has gone better than expected,

while only one in ten feel it has gone worse than expected.

3. The greatest perceived benefits of remote work include a lack of commute, fewer unnecessary meetings, and reduced distractions at the office, all of which were shared by 40% of respondents or more.

As a result of their experiences during COVID-19, 61.9% of hiring managers say their workforce will be more remote going forward. This means there is a massive need for knowledge in the area of working from home. Bigger than ever before. To address this need. That is why we have created the largest book ever published on the subject of Working From Home.

1 Habit For a Thriving Home Office: Ultimate Edition brings together 150 people that have successfully navigated the world of Working From Home. This book is the bible of Habits that guides people to not just run their business from home but to run a Thriving Home Business.

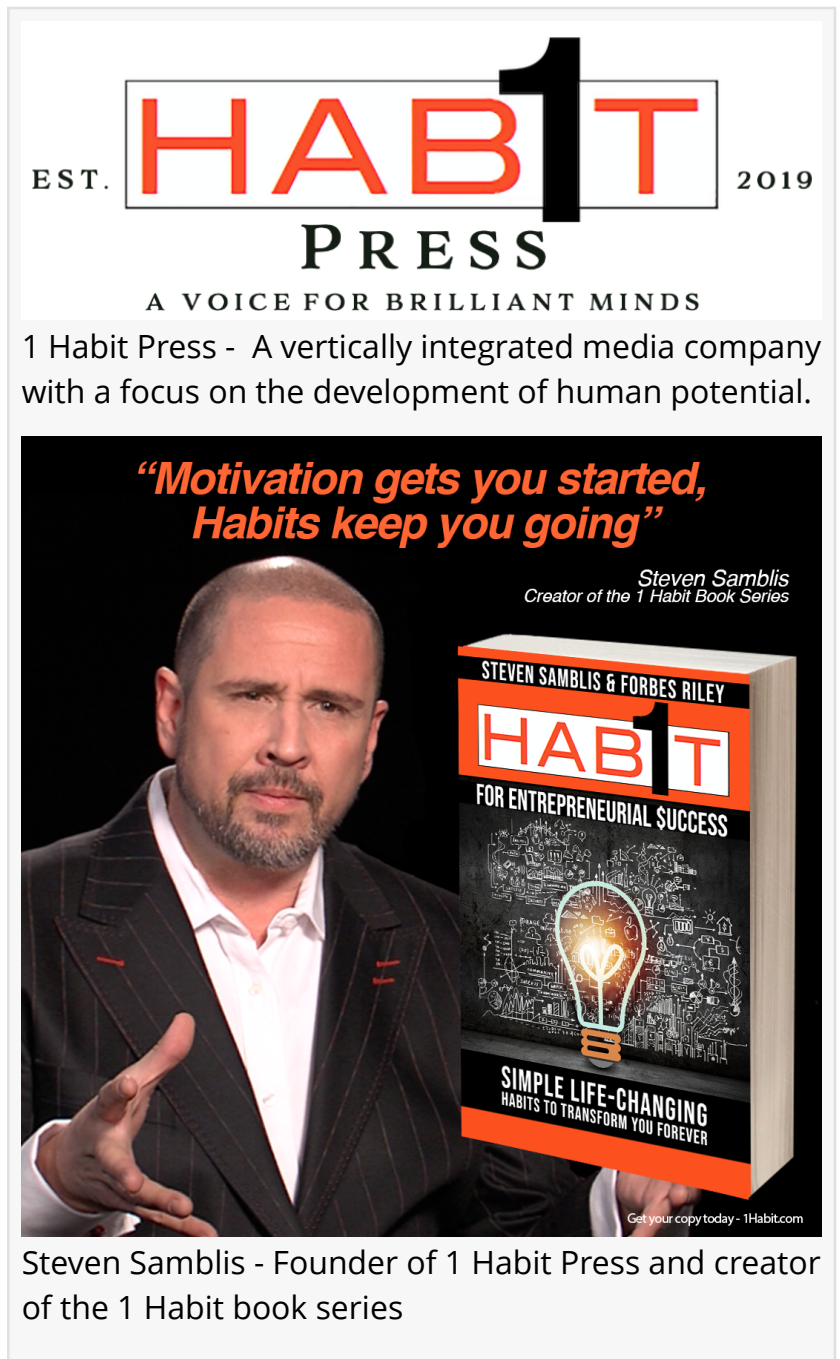

This book is for the self-employed, companies moving to a remote working environment, and employees of companies that have moved them to Work From Home.

If you have to work from home, why not build an empire!
