“HIPAA compliance is an essential piece of a practice's success, but because of its complexity, it is too often overlooked. We are excited to further educate CDA members on the importance of HIPAA and provide the tools to achieve and maintain a comprehensive compliance program,” said Matt DiBlasi, President of Abyde. “This partnership with the Colorado Dental Association will show the value and simplicity providers have found with Abyde's unmatched processes.”

“The Colorado Dental Association is proud to offer our members only the best products and services, and we're thrilled to partner with an organization dedicated to helping dental providers navigate the complexities of HIPAA compliance. We know our members will find instant value in
