

SYNCPLIFY INC. HAS RELEASED SYNCPLIFY.ME WEBCLIENT!

Syncplify has added WebClient! Software to the company's portfolio.

WILMINGTON, DE, USA, December 13, 2020 /EINPresswire.com/ -- Syncplify, Inc. has just released its newest software WebClient! as an add-on to Syncplify.me Server!, the automated file transfer solution used by businesses and governments across the world.

Syncplify.me WebClient! is a web-based user interface software for Syncplify.me Server! that provides file transfer client and sharing capabilities inside a web browser with strong security controls and flawless integration into the server's workflow.

Syncplify.me WebClient! comes bundled with every Syncplify.me Server! Ultimate edition license. It can also be purchased as an add-on for Basic and Professional editions.

In order to use Syncplify.me WebClient! the latest version of Syncplify.me Server! is required; customers can download it from www.syncplify.me. All Syncplify products, including Syncplify.me Server!, AFT!, and WebClient! feature an unlimited trial period, allowing customers to comprehensively test the product before purchase.

About Syncplify
