As a keynote speaker and guest, John is confident discussing and explaining how technology works, what it does, how to stay safe while using it, and what upcoming technology trends consumers can expect.

John explains that as a passionate entrepreneur and businessman, his enthusiasm and technology knowledge come across when he is speaking. His diverse experience includes working with small businesses and enterprise companies.

Two of the largest international banks have chosen John's company to work with because of the experience and expertise John offers. He is confident talking about LinkedIn, technology, hardware, software, security, and the Internet of Things (IoT).

Additionally, John is adaptable and able to discuss topical issues such as new and emerging software and hardware technologies because of the pandemic. He is also happy to discuss the changing workplace environment with employees and employers working from home as well as self-improvement and coaching techniques.

John also serves as a First Responder in Franklin Lakes, NJ, Franklin Lakes Chamber president believe in educating people to pay it forward!
