

Beyond Security Launches beSECURE Lite, the Most Affordable Threat Detection System in the Market

SACRAMENTO, CALIFORNIA, USA,
December 14, 2020 /

EINPresswire.com/ -- [Beyond Security](#), a global leader in automated penetration testing and vulnerability scanning, today announced the launching of [beSECURE Lite](#), a vulnerability assessment solution that caters towards small businesses, where the users can scan small networks and applications with the same level of vulnerability assessment enjoyed by larger enterprises without the price tag.

“We are absolutely thrilled to be launching [beSECURE](#) Lite that can offer small businesses an affordable solution, regardless of their cyber security budget” said Aviram Jenik, CEO and Co-Founder at Beyond Security. “With full capabilities and the ability to pay only for active IPs and the services they need (such as PCI ASV scanning), this is definitely the most affordable options in the market, particularly for SMBs as they are often targeted by cyber-attacks” he added.

beSECURE Lite offers benefits such as continuous asset monitoring, automatic threat detection and integration with popular ticketing services at an affordable cost. For more information on beSECURE Lite, please visit [beSECURE Lite | 30-Day Free Trial | Beyond Security](#)
