Having spent most of his life in Switzerland, POPOFF moved to Los Angeles to make his dreams come true. Combining techno influenced pop, hiphop, r&b and rock genres, one would describe POPOFF as a pioneer in the modern music world. POPOFF is a born superstar, singer, producer and universal artist capturing the hearts of pop fans around the world.

When these two eastern european superstars met, it created an unstoppable force and a paradigm shift in their careers. All of their music is produced, mixed, and mastered by POPOFF and they are creative-directing every piece of content themselves. POPOFF & GIOMANI's music bends the criteria of genres as they continuously shock the world with unexpected record breaking radio ready hits. They are both very versatile artists which has caught the interests of the music industry and soon the world.

POPOFF & GIOMANI's story is only beginning and there is no telling how far their gifts will take them.

Song description "Just 4 U":

What started off as just an old project on POPOFF's laptop ended up turning into an incredibly well-written song. POPOFF & GioMani have worked together before on their hit track "Come As You Are" which has amassed over 190k streams since it's release earlier this year. Despite the Pandemic bringing in a major amount of chaos to the music scene, these guys remained focused and continued to work through the final production phases to finish this song with real instruments and proper sound design. Having both come from European backgrounds and with only recent years of having residencies in Los Angeles, the two were bound to become great friends with the perfect complementary skill sets to complete the puzzle. Their fans have been gearing up for this moment and they know that the delivery of this song has been anticipated for a long time.
