## HOTEL ALTERNATIVES AND NON-HOTEL ACCOMMODATIONS

Here is the background for this release. Obviously, the first priority of Key Housing is to protect the health and safety of its employees, clients, and their families. However, many companies and the government are still requiring employees to engage in essential travel. Travel to California is thus continuing, but the business traveler is concerned about crowded hotels including exposure to other guests, staff, crowded buffets, and restaurants, etc. For this reason, Key Housing is highlighting more suburban locations in its monthly featured listings as well as those apartment complexes that combine corporate housing with high-end amenities. For this reason, 'The Americana at Brand' was awarded the coveted SoCal designee for corporate housing for January 2021.
