“

We feel that financial considerations should not be an obstacle to dental care.”

•What we specialize in

Tulsa Dental Center specializes in onsite extractions and implants. We also offer Invisalign -- a custom made series of clear aligners that gently move your teeth into alignment.

•Tulsa Dental Center files with most insurance carriers

Tulsa Dental Center takes most insurance, and we feel that financial considerations should not be an obstacle to dental care. Our expert administrative team works diligently to manage successful financial arrangements for our patients. We also offer Oklahoma Soonercare and CareCredit, an outside lending agency that can finance your treatment.

- Making a difference in the community

Tulsa Dental Center also believes in giving back to the community. The Covid-19 pandemic has led to heartbreak, layoffs, unemployment, and depression, especially in the local music community.

The dentist's office has teamed with "[The Red Dirt Relief Fund](#)," a non-profit organization to help local musicians pay bills and expenses during a time when they cannot play music venues due to social distancing restrictions.
