Quincy Valentine, who brought us his previous release, "Like You Do," is back again with his new single, "Day Dreams," featuring Shamyra.

In a recent interview, when asked about how the collaboration came into existence, Quincy responded:

"I met Shamyra through my label, Xplore Music Group. Initially, we were getting ready to release a different song. Then I sent Day Dreams as a potential follow up single, and well, "Day Dreams" ended up being the single. The vibe was just undeniable. I had sat in one of Shamyra's sessions once, and she's incredible at what she does. So when they [The Label] suggested she replace my scratch singing parts on the chorus, I had no complaints. I originally had a third verse, but I scrapped it so she could have room to do her thing on the bridge." Quincy Valentine
