“I have chosen the number 1188 for this unique jewelry because of its meaning in the Greek and

Chinese culture. It is an Angel Number, and for the Chinese symbolizes everyday prosperity and wealth in every part of the world."

All the diamonds & gemstones will originate mostly from Africa. The design will integrate and promote the African culture.

Components of the box

Anita Mai has carefully selected three kinds of diamonds to deck her jewelry with. The Jewelry/ Cigar Box would be housing only three different colors of diamonds because according to her, 3 connotes "life."

She further went on to reveal that her choice of 396 stones for each diamond type is also not without its symbolism. According to her, 3 represents "time is right," in conformity to the angel number 3. 9 stands for "smarts and talented," whereas 6 represents "Love of home and family."

When weighed, the total number of the jewelry is 1368 ct., which matches the Angel Number 1368, therefore suggesting that the bearer will protect the weak and defend the helpless.

In the Chinese and Fengshui culture, all 1,3,6,8 numbers have a positive typification. They all are considered as lucky numbers.

When asked if all these numbers had a unifying symbolism the famous designer for [Algems](#), stated that 1188, 1368, and 396 all related to the number 9 which means "Eternity."

Color Picking

Whereas the choice of diamond color seems charming and elegant, Anita Mai disclosed that there was a lot more to it. For her, Pink is the Universal color of Love. Yellow represents Happiness & Energy. White is the symbol of Goodness and Purity.
