EINPresswire.com/ -- Education Centric, USDA Organic Brand, [Cannabidiol Life](#), is the first brand to be prescribed under the new laws initiated in December of 2019, to a cancer patient undergoing chemotherapy in Rio de Janeiro, Brazil.

Working closely with Dr. Paulo Renato Fonseca, of Rio de Janeiro, a well-respected oncologist specializing in chronic pain, Cannabidiol Life was prescribed to the first patient receiving chemotherapy in Brazil, intended for

the effects of stabilizing the patient from the side effects of the chemotherapy.

Under close supervision, the patient will be monitored closely throughout treatment to further substantiate the viability of full-spectrum cannabinoid products extracted from industrial hemp, as an alternative to opiates.
