

Electronic Passports Market Projection By Key Players, Status, Growth, Revenue, SWOT Analysis Forecast 2025

PUNE, INDIA, INDIA, December 27, 2020 /EINPresswire.com/ -- Electronic Passports Market - 2019-2025

Report Description:

E-passport is an electronic passport with high security printing, an inlay including an antenna and a microprocessor, and other security features. An E-passport is a biometric passport which includes a chip, which can be used at the automated E-passport gates instead of having your passport checked by a Border Force officer. The chip holds the same information that is printed on the passport's data page: the holder's name, date of birth, and other biographic information. In some countries, including Germany, E-passport include two fingerprints as well.
