

# Institute of Space Commerce Announces Space Achievement Winners: Top 10 Space Commerce Events & Space Entertainment

*Top 10 Space Commerce Events & SciFi Movies, Space Documentaries and Series for 2020*

AUSTIN, TEXAS, UNITED STATES, January 1, 2021 /EINPresswire.com/ -- The Institute of Space Commerce (ISC) has announced its final winner of Best Outer Space Films of 2020. The Institute's co-Founder, Chris Stott declared, "Life does imitate art, and the Institute's choices for the Best Outer Space Entertainment of 2020 hold this truth at their core. We are nothing without our story tellers. They put the 'A' into Science Technology Arts and Engineering and inspire us all."

On the role of films and progress in outer space development, Michael Potter said, "As humans, if we are able to imagine it, we suddenly become closer to being able to build it. We are locked into an endless feedback loop with Hollywood. Indeed, humans create the movies, but movies also re-create us. This is a process of coevolution and ontological design, where humanity is forever changed, by what we ourselves have imagined, designed, and created."

“

As humans, if we are able to imagine it, we suddenly become closer to being able to build it”

*Michael Potter*

About the Institute of Space Commerce

The Institute of Space Commerce ISC is a US 501c(3) focused on uniquely contributing to the long-term discussion, debate and acceleration of humanity as commercially sustainable multiplanetary species.

There can be a better future for us all. We just have to make it happen. Access to space fundamentally changes the equation for the human race. It grants us access to new sources of

energy, new resources, and is already improving the lives of every man, woman, and child in the world. We just need to do more. Want to help us change the equation? Free markets, free minds, free space.
