The Rankings of 2020 Top 10 Competitiveness Enterprises in the Global Marine Cables (Energy) Field: Prysmian, Nexans, NKT, Hengtong, ZTT, LS Cable & System, Sumitomo Electric, Furukawa Electric, Oriental Cables, Hanhe Cable.

The index system of this selection activity consists of two major types of factors, namely, hard indicators, which is the direct measurement of basic data indicators; soft indicators, suggesting the indirect measurement of questionnaire data and selection of project team evaluation indicators. Hard indicators account for 70% of the weight of the comprehensive competitiveness index, while soft indicators account for 30%.The basic data is mainly the financial data published in the annual report of the listed company, and the factors that affect the basic data of enterprise competitiveness are divided into scale sub-factors, growth sub-factors and efficiency sub-factors. The sub-factors of scale after integration include sales revenue, net assets and net

profits; the sub-factors of efficiency include profit rate of total assets, return on equity, contribution rate of total labor, and proportion of export income in sales income. The growth sub-factors include the average growth rate of sales revenue and the average growth rate of net profit in recent three years. Soft Indicators indicate indirect measurement data for technological innovation, customer satisfaction, brand popularity, entrepreneur and management, enterprise culture and 60 other indexes. The current development situation of the global cables industry was truthfully reflected after running objective, comprehensive and systematic analysis of the competitiveness of the enterprises. The campaign has obtained the wide praise and recognition from the whole cables industry and the industry experts and enterprises due to its objectivity, systematicness and authority.

The annual "Global Cable Industry Development and Competitiveness Forum" will continue to create more value to enterprises for the purpose of enhancing the competitiveness and maintaining sustainable development, and strive to build a high-end forum for the entire industrial chain of the global cable industry .
