

All the Right Catboat Pieces . . . Together

*Famous catboat in New Jersey
documented in photos exhibited in book*

COOKSTOWN, NEW JERSEY, USA,
January 4, 2021 /EINPresswire.com/ -- A
catboat with extraordinary racing feats
and excellent craftsmanship takes
center stage in [From Beaton's to Beach
Haven: A Cat Ghost Bh G](#), which takes
readers to a visual tour of the life of
"Ghost." With a fair amount of images
and descriptions, the book is a
sprawling source of information about
the makings of a great wooden boat.

The 28-foot wooden catboat Ghost
belongs to a class of boats unique to
the Barnegat Bay in New Jersey, USA. It has won seven consecutive Bay championships from
1994 to 2000. With its extraordinary craftsmanship, Ghost is considered a model of excellence in
wooden boat construction. The book contained detailed images that served as documentation
of how Ghost was built—from the making of patterns and preparation of the woodshop, to the
celebratory launch at the rigging dock of David Beaton & Sons.

Moreover, the book provides an account of Ghost's first disaster on the race course, its
remarkable recovery, and 22 years of nonstop competition. Readers are also treated to details
on what made Ghost fast on the race course and what did not work for it during the races. The
book ends with a view of Ghost's new home at the New Jersey Maritime Museum.

It is not at all a surprise that William "Bill" Fortenbaugh initiated the writing of a book about
Ghost. Currently a professor emeritus of classics at Rutgers University, Fortenbaugh has been an
avid sailor since he was 8, racing various boats, including the Barnegat Bay A Cat. In retirement,
he recognized the value of the A Cat and David Beaton & Sons, where Ghost was built.
