

#1 Bestselling Author speaks on life threatening diagnosis..."I was hanging by a thread."

Inspiring new book features 16 women who overcame health challenges to find purpose and prosperity

USA, January 4, 2021 /EINPresswire.com/ -- Lori Marini was scared, overwhelmed, and unable to move forward. After a divorce, a missed promotion, and a cancer diagnosis, she found herself withdrawing from her previously high-achieving life. And even when she beat cancer, she still lived in fear: What if it came back?

The story of how she reclaimed her life—and found joy, success, and a new career in the process—is featured in an inspiring new book, *Women Who BossUp: Secrets of Women Who Are Owning Their Health and Wellness for a Lifestyle They Love*, by Tam Luc, the author, educator, and podcaster dedicated to helping women “boss up.” As revealed in the book, Lori Marini is now a coach who uses her personal experience to encourage clients to define their dreams and go after them. “My mission,” she says, “is to empower you to fall back in love with yourself and your life.”

Lori is just one of the women with big dreams and big obstacles whose stories are told in *Women Who BossUp: Secrets of Women Who Are Owning Their Health and Wellness for a Lifestyle They Love*.
