

# Wellhead Equipment Market Outlook, Competitive Analysis, Key Benefits, Market Segments- Global Industry Analysis 2026

*The global wellhead equipment market size was valued at \$5,320.0 million in 2018, and is projected to reach \$7,991.8 million by 2026, growing at a CAGR of 5.0%.*

PORTLAND, OR, UNITED STATES, January 5, 2021 /EINPresswire.com/ -- According to a new report published by Allied Market Research, titled, "[Wellhead Equipment Market by Type and Application: Global Opportunity Analysis and Industry Forecast, 2019–2026](#)," the global wellhead equipment market size was valued at \$5.3 billion in 2018, and is projected to reach \$7.9 billion by 2026, growing at a CAGR of 5.0% from 2019 to 2026. In 2018, by type, the casing spools segment accrued the largest share in the global market. In addition, the expansion of oil & gas industry throughout the globe especially in nations such as the U.S., China, and India fuels the demand for wellhead equipment. The manufacturers of wellhead equipment are focusing on business expansion and new projects as a strategy to increase their wellhead equipment market share. For instance, in February 2019, Integrated Equipment, Inc., a manufacturer of oilfield equipment received \$9 million from Veritas Financial Partners for future growth.

2019–2026," the global wellhead equipment market size was valued at \$5.3 billion in 2018, and is projected to reach \$7.9 billion by 2026, growing at a CAGR of 5.0% from 2019 to 2026. Currently, by application, in 2018, the on-shore segment has garnered significant market share, owing to redevelopment of mature oil wells. For instance, in May 2019, KBR, Inc., an U.S.-based engineering and construction company signed an agreement with Cepsa, a Spanish oil & gas firm, and Sonatrach, an Algerian government-owned company, for redevelopment of oil fields located in the Hassi Messaoud, Algeria. The redevelopment includes establishment of central processing facilities with associated structures.

In addition, based on type, tubing adapters segment is expected to exhibit significant growth

during the forecast period. In terms of region, North America, and Asia-Pacific collectively contributed to around 67.5% of shares in the global wellhead equipment market in 2018.

Key Players:

[The key players](#) profiled in the wellhead equipment market report include Delta Corporation, EthosEnergy Group Limited, Integrated Equipment, Jereh Oilfield Equipment, Jiangsu Sanyi Petroleum Equipment Co., Ltd, JMP Petroleum Technologies, Inc., Msp/drilex, Inc., Uztel S.A, Sunnda Corporation, and Weir Group.

Key Findings of the Study:

The report provides an extensive analysis of the current and emerging wellhead equipment market trends and dynamics.

Depending on type, the casing spools segment dominated the global market, in terms of revenue in 2018 and tubing adapters is projected to grow at a CAGR 6.7% during the forecast period.

By application, the on-shore segment led the global market in 2018.

North America is projected to register the [highest growth rate](#) in the coming years.

The key market players within the wellhead equipment market are profiled in this report, and their strategies are analyzed thoroughly, which help understand the competitive outlook of the wellhead equipment industry.

In-depth analysis is conducted by constructing estimations for the key segments between 2018 and 2026.

The global wellhead equipment market forecast analysis from 2018 to 2026 is included in the report.
