Living and loving as a psychopath

COOKSTOWN, NEW JERSEY, USA,
January 6, 2021 /EINPresswire.com/ --
One person out of 25 is a sociopath. Thus, based on statistical grounds, we are bound to meet some--one way or another. Sociopathic and psychopathic tendencies drive the plot of [The Destruction of a Psychopath by an American Beauty](#), but it is the characters' unwavering eagerness for finding meaning and purpose in life that keeps the story going.

This book is about Jason Vaughn, a 25-year-old man with psychopathic and sociopathic tendencies living in

Louisville, Kentucky, and his romantic pursuit of Brooklyn Turner. Despite his rising status as a creative prodigy, Jason struggles with his place at a regional advertising agency. He faces added responsibilities and unexpected challenges in his professional and personal life. How will Jason withstand these challenges?

The author of the book, Sam Draut, is an award-winning journalist from Louisville, Kentucky. He pursued a career in journalism because of the necessity to create content on a daily basis. Draut graduated from the University of Louisville College of Business School and began writing his first novel as a way to creatively express one of his favorite hobbies: writing. Draut enjoys the process of writing and thought-creation more than the finished product. He has recently launched his website www.samdrautauthor.com.

Fascinating and compelling, Draut's book offers a window into the mind of a portion of the population that usually remains shrouded in mystery and fear: psychopaths and sociopaths.

This book will keep readers flipping its pages as they learn more about the complicated but equally interesting lives of the protagonists. One reader even said that the book "reads like a screenplay for a soap opera but moves fast with its short chapters." With brief chapters that end

The Destruction of a Psychopath by an American Beauty

dramatically, the book is a fast read, making it an enjoyable coming of age story that everyone can relate to.
