

A Line to Heaven

The story of a woman who communes with angels

COOKSTOWN, NEW JERSEY, USA, January 6, 2021 /EINPresswire.com/ -- There are still a lot of things in this world that we do not fully understand and we have barely scratched the surface when it comes to comprehending them. Psychics, for example, are a rare phenomenon. These people are able to channel supernatural abilities that allow them to do all sorts of things. One such psychic, author Heather Lennox has had her abilities increased when she communicated with angels, who also gave her visions of the future. Her story—written under the name Emrayel A'a Ra iry a'a—can be read in the book [The Angelus Transcripts: 2013-2014](#).

The Angelus Transcripts: 2013-2014

A high-functioning autistic and psychic since birth, Heather's gifts were fully supported and encouraged by her family all throughout her life. A native of England, Heather moved from Newcastle-Upon-Tyne to Auckland, New Zealand, and enjoys various hobbies just like a regular woman would: reading, knitting, taking care of pets and plants, and as a Spirit Artist, anything related to the Spiritual Arts.

Her book is an enlightening and inspiring collection of the messages and visions Heather received and is meant to help people grow holistically. These visions and messages started coming to her in 2013 and went on for two years, with each message being remembered and collected by Heather herself. During this time, not only did she hear the angels but also see them, and they trained her to enhance her skills and take them to the next level.

Definitely a must-have book for fans of positivity, angels, and psychics. Get your copy today!
