

Hot 150 Cybersecurity Companies To Watch in 2021 Announced by Cybercrime Magazine

SAUSALITO, CA, USA, January 6, 2021 /EINPresswire.com/ -- Thousands of startups have been formed over the past decade to focus on combating cybercrime, which is expected to cost the world [\\$6 trillion annually in 2021](#) — up from \$3 trillion in 2015.

The second annual list of the Hot 150, compiled by [Cybersecurity Ventures](#), recognizes the most innovative companies in the cybersecurity market.

The list consists of pure-play companies focused exclusively or primarily on cybersecurity.

Israel, the world's second largest exporter of cyber technology, features 16 companies. There are 30 companies in total who have their R&D based in Israel."

All companies earn their spot based on merit, there is no "pay-to-play," no cost to apply or to be listed.

The 150 companies named to the list can be seen at [Cybersecurity150.com](#).

"There are 116 companies with headquarters in the U.S., and 34 with international (non-U.S.) headquarters" says Steve Morgan, founder of Cybersecurity Ventures and Editor-in-Chief at Cybercrime Magazine.

"Domestically, California has 41 companies listed" adds Morgan. "Israel, the world's second largest exporter of cyber technology, features 16 companies. There are 30 companies in total who have their R&D based in Israel."
