

Antioxidants Market Size, Growth, Trends, Absolute Opportunity and Value Chain

Healthcare sector is a promising market for antioxidants due to their widespread applications in blood pressure management, celiac disease treatment.

PORTLAND, OR, UNITED STATES, January 6, 2021 /EINPresswire.com/ -- [Antioxidants Market](#) report, published by Allied Market Research, forecasts that the global market is expected to garner \$4,531 million by 2022, registering a CAGR of 6.42% during the period. In the natural antioxidants category, vitamin E segment accounted for more than one-third share of the global volume in 2015.

Antioxidant is one of the major ingredients used in the food & beverage industry. It is used in the dairy farming industry in animal feed additive to improve the yield of milk. Increase in demand for synthetic antioxidants and rosemary extract, plummeting costs of antioxidants, and rise in demand for antioxidants in the food & beverage industry are expected to fuel the market growth during the forecast period.
