

# Washington US Navy Veterans Lung Cancer Urges the Family of a Navy Veteran Who Had Navy Asbestos Exposure and Who Has Lung Cancer to Call Attorney Erik Karst of Karst von Oiste About Compensation-It Might Exceed \$100,000

SEATTLE, WASHINGTON, USA, March 2, 2021 /EINPresswire.com/ -- The Washington US Navy Veterans Lung Cancer Advocate says, "If you are a Navy Veteran or person anywhere in Washington State and you have recently been diagnosed with lung cancer please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 if before 1982 you had significant exposure to asbestos in the navy or at work. The asbestos exposure may have occurred on a navy ship, submarine, shipyard, power plant, airplane factory, truck factory or as a skilled trades worker. Financial compensation for a person like this with lung cancer might exceed \$100,000.

"To get the financial compensation job done for a person like this we have endorsed, and we recommend attorney Erik Karst of the law firm of Karst von Oiste. Erik Karst is one of the

nation's leading asbestos exposure attorneys and he and his amazing team at the law firm of Karst von Oiste have been assisting people with asbestos exposure lung cancer and

mesothelioma for decades-and they are responsible for over a billion dollars in compensation for people like this. If you or your loved one has just been diagnosed with lung cancer, and decades ago you or your family member had heavy exposure to asbestos, please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303. We think you will be glad that you did."

High-risk work groups for exposure to asbestos in Washington State include Veterans of the US Navy, hydro-electric power plant workers, shipyard workers in Bremerton, Seattle and Tacoma, nuclear power plant workers including workers at the Hanford Nuclear Site, hydroelectric workers, oil refinery workers, pulp and paper mill workers along Washington's Coast and Puget Sound, aerospace or commercial airplane factory workers, public utility workers, plumbers, electricians, auto mechanics, machinists, millwrights, insulators, pipefitters, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or

as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact.”
