

# Flower Turbines Named A Most Fundable Company by Pepperdine Graziadio Business School

---

*Flower Turbines is an innovative wind turbine and e-bike charging company.*

LAWRENCE, NEW YORK, USA, January 11, 2021 /EINPresswire.com/ -- [Flower Turbines](#) Inc. is thrilled to announce that it was awarded a Gold designation in the top 10 on the Pepperdine Graziadio Business School's third annual [Most Fundable Companies](#)® List. Flower Turbines competed against over 4,500 U.S. startups spanning all 50 states, to be named among a list of twenty. The Most Fundable Companies initiative recognizes exceptional entrepreneurs who are solving today's problems with inventive solutions and are also seeking investment capital to fuel their company's growth.

Flower Turbines is an innovative small wind energy company making turbines that are the first to be simultaneously quiet, beautiful, efficient, and which make their neighbors perform better. The company has a complementary product line of on and off grid e-bike charging stations.

"Since starting Flower Turbines in 2013, we've been focused on engineering development and bringing the technology to a global market. The Most Fundable Companies initiative provided us with a data-driven analysis that has enhanced our company strategy and has already been incorporated into our fundraising activities," said CEO Dr. Daniel Farb. "It's extremely validating that Pepperdine Graziadio Business School is recognizing entrepreneurs throughout the country, and providing resources to assist startups in securing private capital to accelerate meaningful innovation."

The Most Fundable Companies initiative involved a multi-phase assessment that evaluated multiple company variables including financial projections, market opportunity, intellectual property, and the strength of the management team, all of which were used to produce a fundability score. The Pepperdine Most Fundable Companies were evaluated and selected based on their readiness for private investment. Most Fundable Companies is powered by The Venture Alliance.

As a winner on the Most Fundable Companies List, Flower Turbines is profiled on Entrepreneur.com and featured in the December print issue of the magazine. Flower Turbines was also in the top 3 of the "crowd favorite" opened for global voting.
