LOS ANGELES, CALIFORNIA, UNITED STATES, January 8, 2021

/EINPresswire.com/ -- Bleary releases his new single “Weeknight” to complete his trilogy, following the release of “Sever” and “Peace”.

The latest single to this trilogy, “Weeknight” is about healing. Bleary finds the importance of friendships and the monotony of existence during the stages of healing. “Weeknight” shares a unique emo/downtempo for his lyrical storytelling.

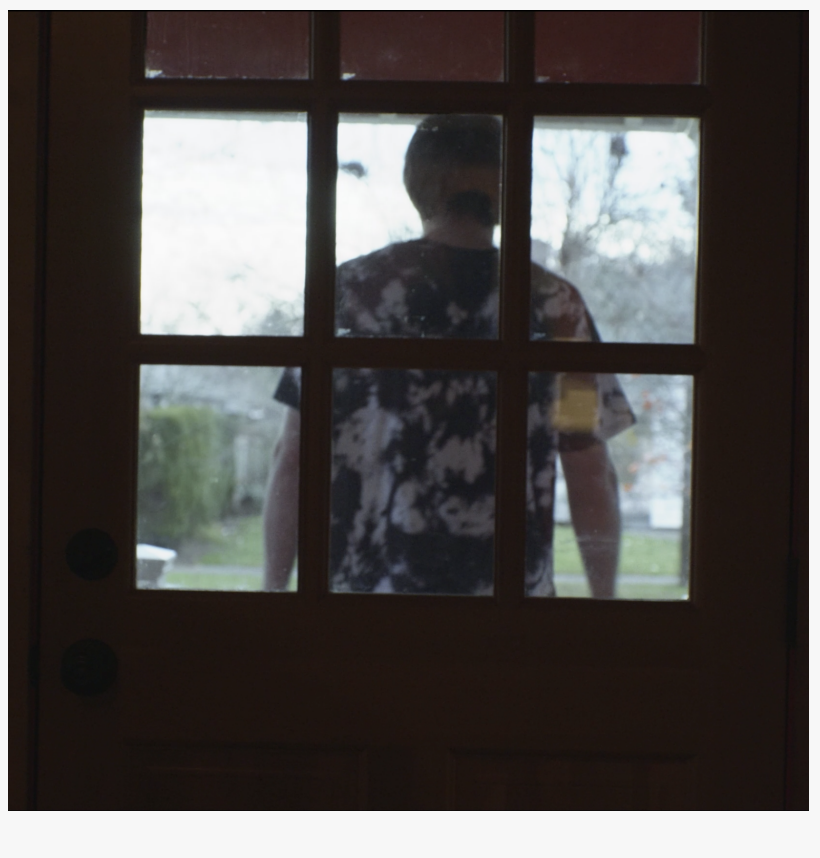

Bleary says, “it's about carrying on, which is what the Bleary brand and life itself are all about. As with the other songs my goal is not to drag down or to encourage, but to reflect reality because that's what we grow from.”

The first two songs in the trilogy, “Sever” which is created from times of loss, frustration, and acceptance, and “Peace” which is about a struggle to see any positive and to stop thinking the worst.

Followed by the completion of this 3 part project, “Weeknight” is set to release a music video for the track, and Bleary looks forward to working on upcoming projects in the genre of trap and emo.

Bleary's next EP will be available on February 4th.
