

Protect Your Invention with Patents Supported by Lynch LLP

Lynch LLP helps clients large and small protect their inventions across a wide range of practice areas and specializes in a wide range of technical fields.

SOUTHERN CALIFORNIA, US, January 15, 2021 /EINPresswire.com/ -- [Lynch LLP](#) helps clients large and small protect their inventions across a wide range of practice areas. The firm has specialized expertise in a wide range of technical fields and focus its practice on providing strategic guidance and services including [patent](#) prosecution as well as strategic patent counseling. The firm's experience extends to clearance searching, prior art searching, product licensing, as well as litigation and enforcement of patent and other intellectual property rights.

"Everyone on our staff has a focused technical background," said Sean Lynch, a partner at Lynch LLP. "Every client is different, and that's why we come up with unique solutions for each client. Whether you're an individual inventor, a startup, or an established business, we can help you develop a robust intellectual property portfolio."

Lynch LLP attorneys have the scientific backgrounds to write patent applications to capture a new and novel invention and also create an umbrella of coverage extending beyond the exact confines of the invention. The firm supports patent litigation to prepare and file patent applications of all types . Areas of expertise extend into negotiating and drafting licensing agreements.
