

# A Children's Book Where The Baby Farts Bubbles!

REDONDO BEACH, CA, UNITED STATES, January 11, 2021 /EINPresswire.com/ -- This is a story about a baby boy discovering the world around him. He also has a unique ability to create his own bubbles at will in many funny ways. This baby burps and farts bubbles! Inspired from the mind of a 6 year old girl!

The name of the book is: Baby Bubbles

This is the type of book you read to your child and can act out. Certain lines you can make fart or burp sounds. Children will laugh themselves to sleep and it's great interactive fun you can provide for your child. I'm sure as a parent you'll have a few laughs as well. There is a plan to put out an entire series of Baby Bubbles books as well as a cartoon show. Who knows, there might be a movie depending on the popularity.
