

Darren Green, GSK, conference chair invites you to attend AI in Drug Discovery Virtual Conference

SMi Reports: Conference Chairman Darren Green, GSK personally invitation to 2nd Annual AI in Drug Discovery Virtual Conference on 15 -16 March 2021

LONDON, GREATER LONDON, UNITED KINGDOM, January 12, 2021

/EINPresswire.com/ -- The conference will have a focus on case studies from [leading pharma and biotech firms](#), as well as a close-up view on the paradigm shift from undruggable targets to 'challenging to drug'.

Darren Green, Director of Molecular Design at GSK will be chairing and speaking at the [two-day virtual conference](#) and is sponsored by Cas Group.

Darren Green's chair invite letter can be downloaded on the conference website <http://www.ai-indrugdiscovery.com/PR3> in the 'download centre', and below is a snippet of the invitation.

It is with great pleasure that I the chair of the conference welcome you to join SMi's highly anticipated 2nd Annual AI in Drug Discovery Virtual Conference taking place on the 15th and 16th March 2021.

Now in its [2nd year](#), [SMi's AI in Drug Discovery](#) event will explore the latest innovations in AI-driven therapeutic discovery.

This 2-day agenda will bring together expertise from individuals in various disciplines in the field and offer a series of presentations through which you will gain insights into the key drivers of this ever-expanding industry.

You can hear from leading pharmaceutical and biotech companies and academia on a wide variety of topics, including innovations in target identification and optimisation, and breakthrough technologies for AI-driven discovery platforms.

If you wish to join the conference you can register your place by visiting <http://www.ai-indrugdiscovery.com/PR3>

Sponsored by OpenEye Scientific and Cas Group
