## About

Upcoming R and B and soul sensation, Adam John claims that the start in his musical career began with him writing songs in 8th grade.

"Teachers would be teaching lessons and I would be laser focused on a piece of composition paper writing notebooks full of lyrics down," says Adam John. "I always loved to create and loved it even more when people connected."

Even earlier, the artist became used to drawing an audience. "When I was nine, I used to stand at the local shopping mall and belt out Jackson 5 songs," he writes. "People would crowd around me from the entire mall and fill up my hat with money. One time I made a stack doing it. My friends and I went upstairs afterwards, and I bought us all skateboards. I did not do it for the hustle then, it was the thrill. I have always loved to perform and was never concerned about what someone thought about me doing it. My grandfather instilled that in me. I knew I had a gift." Adam John's music will be one to watch out for as he is set to inspire and get people to enjoy his sensational tracks.
