

Hensoldt Optronics and key OEMs to present at the Virtual Future Armoured Vehicles Situational Awareness 2021 Conference

SMi Group Reports: Leading OEMs and system integrators will be presenting at the 5th annual Future Armoured Vehicles Situational Awareness conference in April.

LONDON, LONDON, UK, January 12, 2021 /EINPresswire.com/ -- SMi Group are pleased to announce that Hensoldt Optronics will be returning virtually on 12th and 13th April 2021 to sponsor once again the [Future Armoured Vehicles Situational Awareness](#) conference. Mr Marc Krause, Project Manager Vehicle Optronics, Hensoldt Optronics GmbH will be discussing the 'Advantages of a multipurpose high-performance situational awareness system' on Day One of the event.

Hensoldt is a global pioneer of technology and innovation in the area of defence and security electronics.

Headquartered in Munich/Germany, the company is a market leader in civilian and military sensor solutions.

Military and government personnel can join the conference free of charge and other delegates can join for only £999. Register online at <http://www.armouredvehicles-sa.com/pr3>

This [virtual meeting](#) will give an opportunity for delegates to build new partnerships to advance capabilities and hear the latest technological developments from research and industry that are enhancing combat effectiveness and connectivity.

Delegates will also hear more technical briefings from key OEMs and System Integrators

Future Armoured Vehicles Situational Awareness 2021

including:

- Mr Dieter Fasol, Expert Safety, Weapon System Design Germany / ILS and Safety, MBDA Deutschland GmbH will be presenting on 'Analysing the Impact of System Safety on the reliability of Situational Awareness Systems'.
