

Arkansas US Navy Veterans Lung Cancer Advocate Urges a Navy Veteran with Lung Cancer in Arkansas To Call Attorney Erik Karst of Karst von Oist- If He Had Navy Asbestos Exposure-Compensation Might Exceed \$100,000

LITTLE ROCK, ARKANSAS, USA, March 9, 2021 /EINPresswire.com/ -- The Arkansas US Navy Veterans Lung Cancer Advocate says, "Most Navy Veterans or people who now have lung cancer-and who decades ago had significant exposure to asbestos do not realize the \$30 billion dollar-asbestos trust funds were set up for them too. If you are a Navy Veteran or person with lung cancer in Arkansas and you were exposed to asbestos in the navy or at work in the 1960s or 1970s please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 to discuss compensation---it might exceed \$100,000.

"The person with lung cancer we are trying to identify is over 60 years old, their exposure to asbestos took place prior to 1982 and it does not matter if they smoked cigarettes or not. If the person we have described is your husband or your dad-please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303. Erik Karst is one of the nation's leading asbestos exposure lawyers and he will know how to make compensation happen for your loved one-if it is possible." www.karstvoniste.com/

The Arkansas US Navy Veterans Mesothelioma Advocate is offering to assist people with asbestos exposure lung cancer or mesothelioma in Little Rock, Fort Smith, Fayetteville, Springdale, Jonesboro, Pine Bluff or anywhere in Arkansas.

Individuals in the state of Arkansas could have been exposed to asbestos while working at a power plant, at an industrial facility, at a steel mill, at an automobile manufacturing facility, at a chemical plant, as a plumber, a boiler technician, as an auto repairman, as an electrician, or in the construction industry. Additionally,

“

Erik Karst is one of the nation's top asbestos lawyers and he will know how to make compensation work for your loved one-if they have lung cancer-and if they had asbestos exposure in the navy-work.”

Arkansas US Navy Veterans Lung Cancer Advocate

we help veterans exposed to asbestos while serving in the US Navy. In most cases, the exposure to asbestos caused mesothelioma at one of these types of workplaces and the exposure took place in the 1950's, 1960's, 1970's, or 1980's. Asbestos exposure lung cancer or mesothelioma typically takes three to five decades to appear.

The US Navy Veterans Lung Cancer Advocate says, “If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had

significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact.” <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvonoiste.com/
