For years, the Bill Lewis name has been synonymous with affordable, high quality, and effective lures, as well as other fishing tools, equipment, and apparel. These contributions to the industry have helped to make competitive fishing more mainstream than ever, along with providing even the casual angler with the proper equipment to enjoy their favorite pastime to the fullest.

In addition to the Rat-L-Trap, the other Bill Lewis lures which are permitted for use in this event include the StutterStep, the Echo 1.75, the MR-6, and the SB-57. Each of these lures are manufactured with the same attention to detail, craftsmanship, and design that has defined the Bill Lewis brand for decades.
