

# Roof Washing & Treatment Services Added to Services Lineup by Roof Crafters of Baton Rouge Louisiana

*Roof Crafters LLC based in Baton Rouge Louisiana announced today they have launched exclusively to the state of Louisiana roof washing & treatment services.*

BATON ROUGE, LOUISIANA , UNITED STATES , January 14, 2021

/EINPresswire.com/ -- Roof Crafters LLC, a reputable [Baton Rouge](#), Louisiana-based roofing contractor, would like to make all Louisiana homeowners aware of the positive

benefits of washing & treating their roofing systems with the Roof-A-Cide roof wash & treatment system. Roof Crafters states that their customers are amazed at how much better their roof looks once the roof washing & treatment has been performed. The company also claims that the

“

We wanted to add roof washing for a long time but waited until we found a system like Roof-A-Cide that was safe for the environment, kids, pets & the home”

*Michael Warren*

benefits of regular roof treatment even go well-beyond that of making any roof’s appearance look much improved. Roof Crafters has the only roof washing & treatment services that are guaranteed to keep a roof algae free for two full years. Roof Crafters’ exclusive roof washing & treatment services are explained in more detail on their website which can be found at [theroofcrafters.com](http://theroofcrafters.com)

Operations manager, Michael Warren, says, “We wanted to add roof washing for a long time but waited until we found a system like Roof-A-Cide that was safe for the

environment, kids, pets & the home.” Warren added that when they wash & treat someone’s roof using their exclusive and time-tested [Roof-A-Cide system](#), that getting a roof to look new again is not the only goal that they have in mind. That’s because by removing unwanted roof contaminants such as mold and mildew they are helping to preserve and protect someone’s roofing system. Contaminates left on any roof for too long can imbed themselves in tiles, asphalt

shingle, and other roofing materials and start to break these materials down and dry them out. Oftentimes these contaminants will also lead to the appearance of ugly stains & streaks on a roof. Warren pointed out that periodic roof treatment will help protect and extend the life of any roofing material when it's performed bi-annually. He says that they are always happy to discuss this service more thoroughly with someone and the best way to do that is for them to fill out the form that's found on the 'contact us' page of their website at [theroofcrafters.com](http://theroofcrafters.com).

Roof Washing by Roof Crafters

### About Roof Crafters LLC

Roof Crafters LLC of Baton Rouge and Hammond Louisiana has always been a leader in the roofing industry with innovations like the first roofing company to utilize the Equipter new-roof no-mess debris removal system and creating a proprietary roofing CRM software system that is now sold nationally to other roofing contractors. Roof Crafters started business in the Baton Rouge and Denham Springs areas of Louisiana and from there spread into Hammond and the Northshore areas of Louisiana.
