DICE Dental offers dental implants, dentures, extractions, and crowns in Springfield, PA

SPRINGFIELD, PA, UNITED STATES,

January 20, 2021 /EINPresswire.com/ -- DICE Dental, owned and operated by Dr. Katie Alger, is offering [Philadelphia dental implants](#). Located in Springfield, PA, DICE Dental specializes in high-quality, low-price dentures, implants, crowns, and extractions.

“

[Dental implants] make eating easier, they fill in your smile, and they stop your jawbone from shrinking.”

Dental implants are DICE’s most popular treatment. Starting at only \$750, they are a long-lasting and natural-looking missing tooth replacement. A titanium implant is placed into the jawbone and covered by a porcelain crown that’s color-matched to a patient’s existing teeth.

“Implants are durable and reliable,” explains Dr. Alger. “They make eating easier, they fill in your smile, and they stop your jawbone from shrinking.”

Dental implants have a 90% success rate, making them one of the most successful missing tooth solutions available.

However, DICE also offers extractions, crowns, and [dentures in Philadelphia](#). Extractions to remove a bothersome tooth start at only \$99. Meanwhile, ceramic crowns start at \$500 and dentures start at \$499. Dentures available include conventional dentures and implant overdentures.

“Our goal is to make a beautiful, healthy smile accessible to everyone,” adds Dr. Alger. “That’s the way dentistry should be!”
